Easy Way to Get Rid of Itching

Don't worry any more about that itching skin trouble. Just get a jar of resinol ointment and a cake of resinol soap at any drug store. With the resinol soap and the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again. For trial free, write to Dept. 5-R, Resinol, Baltimore, Md.
